Subject: Media Briefing

Date: 20 August 2008

=====

Colleagues

A lot of negative reports have been published in the media regarding Uthukela Water, a company owned by municipalities of which Umzinyathi District is shareholder. The Honourable Mayor of Umzinyathi District Municipality has decided to call upon a media session where he will clarify some issues of concern regarding Umzinyathi's position with the company and the MEC's intervention into the matter.

He will further launch a Disaster Awareness Campaign which is aimed at educating residents of the district about hazards, risks and how to be disaster ready when such incidents occur.

You are therefore invited to that important gathering which is scheduled as follows:

Venue: SABC M2 HALL (100 Old Fort Road, Durban)

Date: 27 August 2008

Time: 11h00

Hope you attend.
